

A message from our Deputy Headteachers: Mrs Jacoby & Mrs Brown

Dear Parents/Carers

We have had a great week in school this week. Year 2 had an especially exciting WOW event celebrating their creative curriculum topic - All Around the World! They have been focusing on India and engaging in lots of wonderful opportunities such as food tasting, Indian dance and using VR headsets to explore India. They looked fantastic in their outfits too!

We always love children visiting our leadership office with their books and we have had lots of them this week, excited to show us the fantastic progress they are making. Children and staff are looking forward to parents also sharing in the children's successes and progress next week, during Parents' Evenings. We hope to see you there!

At Parents' Evening, our governors will be available to chat to you if you are interested in finding out about being a parent governor for our school. We currently have 2 parent governor vacancies. Please also see the attached flyer for further information.

As the weather turns wetter, please can I remind parents to ensure children bring coats to school. We have lots of children at the moment without coats at playtime. Thank you.

Mrs Jacoby and Mrs Brown

Dates for your diary

Monday 21st October
Parents Evening 4 - 6:30pm
Wednesday 23rd October
Parents Evening 4 - 6.30pm
Thursday 24th October

Reminder

We have a lot of parents informing us that they are missing **named** items of their children's clothing. We always endeavour to return named items to the correct owners if brought to the office or placed in lost property so please can you ensure that if your child brings home someone else's property, that you return it to school to enable us to do this. Thank you

Exciting learning from this week

This week, Reception have been learning about people who help us and on Monday, we had the police come and visit us! We loved learning about the equipment they use and trying on their hats!

This week Year 6 have been designing and creating steady hand games. They have thought carefully about their electricity science lessons and applied their knowledge to their games.

Well done, Year 6!
